About the Role:

Our Queensland government client is seeking a highly experienced Software Developer to join a specialised development team who support a wide variety of integration systems and web applications.

Duties and Responsibilities:

- Contribute to all stages of the software development process. Primarily design, code, review, test, correct and document complex system components from supplied specifications using agreed standards and tools, to achieve a well-engineered result.
- Define the technical criteria for product/component selection and contribute to decisions about tools, methods and approaches.
- Provide advice on business system solutions, products and services to internal and external stakeholders.
- Provide guidance on design and programming solutions associated with the development, maintenance and enhancement of complex high availability corporate systems and services.
- Maintain currency of skills and knowledge in the field of Microsoft C# and .NET Framework development and web service programming.

Skills and Experience:

Essential:

- Demonstrated skills in the following technologies:
 - Microsoft.NET (Framework/Core/6)
 - C#
 - Microsoft Design Patterns (MVC, MVVM)
 - Microsoft Visual Studio
 - Azure DevOps Services including Git
 - Unit Testing Frameworks (MSTest, NUnit)
 - Entity Framework / LINQ to SQL / SQL
 - Microsoft Web Services technologies (ASP.NET/WCF).
- Strong knowledge in all phases of the System Development Lifecycle (SDLC)
- Commitment to maintain currency with industry trends and technological advancements

Highly Regarded:

- Knowledge of developing within a Secure Software Development Lifecycle
- Knowledge of Microsoft Web Platform
- Knowledge of PRINCE2 or Agile software development methods
- Experience mentoring junior developers including code reviews and technical instruction
- A degree level qualification in Information Technology or Computer Science is highly regarded
- Demonstrated experience in Cross Functional Agile teams

How to Apply:

To be considered for this role, please apply today with a **Microsoft Word** version of your Resume. For more information, please contact Stuti on **0437 414 537** or email stuti@exclaim-it.com.au

Be careful

Don't provide your bank or credit card details when applying for jobs.
